

## *Proudly Investing in South Australia's Future*

Maras Group is a privately owned and operated South Australian-based company which has been at the forefront of commercial and retail property investment and development for over 35 years.

With well over 100 developments over four decades, we have been 110% committed to producing the very best quality buildings, partnering with hundreds of local, national and international businesses along the way.

Our group is expressly committed in continuing to invest heavily in South Australia to create the best possible space environments, to drive employment in our state and to assist in retaining our youth - that is, our emerging talent, entrepreneurs and innovators.

Two of our latest projects include the development of the new 4-storey mixed-use Palace Nova Cinema complex on Prospect Road, and the complete reconstruction of 74 Pirie Street, Adelaide, which will provide cutting-edge commercial accommodation over seven levels, together with outstanding end-of-trip facilities.

*With several more exciting projects in the development pipeline, we will continue to propel South Australia forward.*
